Showroom: Unit 9/8 Victoria Avenue Castle Hill NSW 2154 Sydney

## 3 ways to use your DHB

The "BLACK HACKSAW" Lever Action holds the bowl with easy finger release. Handmade, using super lightweight modern materials such as carbon fibre to provide many hours of trouble-free use.

Bowling Arm is available in 5 sizes and finished with customized rubbers to hold your own sized bowls. The DHB is extremely lightweight and comfortable to use. You will never need to bend over again.

The DHB is the only arm that enables you to pick up your bowls, but also the jack and even your mat.

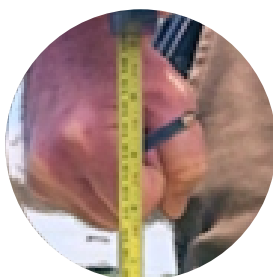

EX SMALL	SMALL	MED	LARGE	EX LARGE
Body Measurement of 680mm = Arm length 600mm	Body Measurement of 720mm = Arm length 640mm	Body Measurement of 760mm = Arm length 680mm	Body Measurement of 820mm = Arm length 720mm	Body Measurement of 880mm + = Arm length 760mm
